DOORS WRAPPED IN WHITE VINYL

DOORS WRAPPED AND GRAPHIC KIT APPLIED

BENEFITS OF USING VINYL DOOR WRAPS OVER PAINTING:

1. Cost Savings: Wrapping vehicle doors in 3M vinyl is significantly more cost effective than painting the doors. Additionally, the cost and time to repaint the doors black at the time of resale will be eliminated.

2. Flexibility: Change a marked squad into an unmarked car by simply removing the vinyl from the doors.

3. Easy Conversion: Keep streets clear of civilians driving B&W cars by just removing vinyl and selling the all black vehicle.
